SEFAR® Architecture IE-200-S

Size

35 SQM (376 Sqft.)

Project / Location

Pool Safety Fence, Los Angeles, CA (US)

Application

Residential, Pool Safety Fence

Assembly / Implementation

Guardian Pool Fence, Van Nuys, CA (US)

[ProjectInfo]

Pool Safety fences are mandated all over the US to prevent drowning of infants and children who do not swim. The owner of this mountain view property selected the SEFAR® Architecture IE-200-S Mesh to enhance their pool environment. Durability, Appearance and the desire to have a VOC free PVDF solution were the reasons the 23 % open fabric was chosen. Sefar's IE-200-S fabric has a 10 year material replacement warranty and cannot be cut with standard scissors or knife making it tamper-proof and more secure.
