

Certificate

for
SEFAR AG

HOtec Systems GmbH hereby confirms, that the

OQ (Operational Qualification)

carried out by us on the clean air environment in the operating state
'in operation' meets the requirements.

The Operational Qualification serves as proof that the infrastructure and clean room environment meet the functional specifications and guidelines.

On the occasion of the metrological requalification we have determined,
that the following clean air installations

- ✦ **clean room & punching room** (ISO class 7)
- ✦ **adjoining rooms** (ISO class 8)

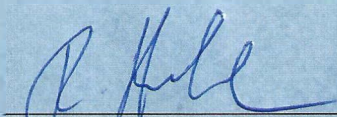

comply with the requirements for the particle concentration in the clean air according to the applicable standard and guideline.

✦ **SN EN ISO 14644-1:2015**

This certificate is valid until: **May 2022**
