# Filter Cartridges

Partnering with leading filter cartridge producers, Sefar Filtration are able to offer the highest quality filter cartridges to suit most industrial filtration applications.

Product Features

Filter Cartridges

Dealing with other high quality liquid filters and products, including filter press cloths, filter housings, filter belts, dust collector bags and drum cloths, we ensure quality and precision on every product provided.

Our range of filter cartridges includes:

Vorex Filter Cartridges

The Vorex filter cartridge is designed for high efficiency and fewer change-outs. Our Vorex filters are manufactured through an exclusive process that thermally bonds pure polypropylene microfibers

Vorex HP Filter Cartridges

The absolute-rated Vorex HP cartridge provides expert flow, increased dirt-holding capacity and a lower pressure drop. The HP cartridge is manufactured with 100% polypropylene microfibers and core

Polywound Filter Cartridges

The polywound nominally rated cartridges are available in a wide array of yarn and core materials, and are designed to meet a variety of industrial processing needs

Whether it is dust collector bags, filter belts, filter cartridges, drum cloths, filter press cloths or filter housings, at Sefar Filtration we supply filtration products to suit most industrial filtration applications.
